

COUNSELING CENTER INTERNSHIP APPLICATION

Complete this application and return it to the Assistant Director for Training, Dr. Paula Gilroy, Room 103 Student Health Center. Please attach a copy of your resume and a transcript. You are required to submit a ten to fifteen minute recording that demonstrates your counseling skills. You may select a tape from Practicum or make a video tape using a role play. In addition, please submit names and phone numbers of two references we could contact.

Please write an explanation of your reason for choosing the above internship.
(Feel free to type your responses on a separate page and attach to the application.)

Please indicate how this internship will be helpful to you in achieving your future goals.

Describe your theoretical orientation.

What do you believe are your clinical strengths at this point in time?

What do you believe are your personal strengths?

What do you believe are your clinical weaknesses at this point in time?

Describe what you think would be the most effective type of supervision for you (e.g., live supervision, tape review, co-counseling, discussion, etc.).

What type of job would you like to obtain following graduation?

Please respond to the following scenario.

Cathy is a 20 year old sophomore who came to the Counseling Center at the encouragement of her friends. Cathy says her friends are worried about her because she becomes upset easily and occasionally vomits after eating. Cathy does not see herself as having a real problem, but does not mind having someone to talk to.

Cathy is the older of two children. She comes from an intact family though she describes her parents' marriage as unstable. Cathy has a close relationship with her mother, but communicates little with her father. Cathy has some dating experiences, but finds this aspect of her life very difficult to discuss.

What more would you like to learn about Cathy in order to conceptualize her case?

List several hypotheses about Cathy.

Give your diagnostic impressions.
